Subject: House - Transportation and Infrastructure Committee -- HB 4571 HB 467

Please place the following into the record 5/7/2013.

Dear Esteemed Michigan Lawmakers,

Please no more tax schemes. The taxpayers of Michigan are taxed enough already. getting hit hard by inflation, Federal taxes, new Obamacare costs & taxes and what'the median household income for Michigan has dropped by nearly 14% since 200 for the State to tighten its belt. Find the money you need for transportation, roads ; by cutting unnecessary spending in the state's budget.

Don't allow HB 4571 nor HB 4677 to pass out of committee. Those bills will just har economy and grow government.

I do support HB 4572 however ... tax cuts are always welcome.

My Best,
